### What is it?

The Showcase is designed to help youth understand the decisions that they need to make now in order to thrive in their future careers. During the Showcase students in 9th grade from Greenwood County, and 8th grade from surrounding counties will have an opportunity to interact with company representatives from **local manufacturers** and major industries to learn more about the **educational pathway** they need to take to gain the skills and knowledge needed for specific **career clusters**. Greenwood seniors will also attend the second day of the Showcase to learn about immediate **employment opportunities, apprenticeships, and tuition assistance**.

Representatives from Lander University, Piedmont Technical College, Russell Technology Center, Greenwood Edge, and Greenwood Promise will also be present to talk with students about earning the credentials necessary for an exciting and enriching career.
